

# CREEK STOMP!

August 21, 2023

Come and see what's in the water - a family event

When: 6pm, Monday, August 21st

Where: At the Farm Show/Chiques Creek

Why: To discover the life within our backyard streams. Learn how fish and insects within a waterway can indicate the overall health of the stream. A hands-on experience where participants are encouraged to get the hands (and feet) wet to learn more about their watershed!

A Chiques Creek Watershed Alliance Event for all ages.

**Please bring old shoes and clothes that can get wet!**
